NEWSLETTER

2025-2026

ABOUT THE COLLEGE

Shri.V.S.Balsamy, B.Sc., L.L.B., a leading luminary, has 31 years of bright standing in the field of law. He is the recipient of “Indira Gandhi Sadhbavana Award” from Global Economic Council, New Delhi. He was also honoured with “The Best Humanitarian Award” in 2005.

He is the Founder Trustee of V.S.B. Educational Trust, built in the year 2000. He initiated the education foundation and established engineering Colleges named V.S.B. Engineering College, Karur and V.S.B. College of Engineering Technical Campus, Coimbatore. As the Chairman of V.S.B. Group of Institutions, he lays emphasis on ‘Hard work’ , and Strongly believes that ‘Hard work is the key to success’ , it is conceived as the motto of the Institutions.

ABOUT DEPARTMENT

The Department of Electronics and Communication Engineering was established in the year 2002 with an initial intake of 60 students. In 2006, the intake was increased from 60 to 120, and in 2012, it was further enhanced from 120 to 180. Continuing its growth trajectory, the department has expanded its intake to 360 students in the year 2025, reflecting its academic excellence and increasing demand. The department has highly educated Faculty members having a vast experience in their field. Students are given education as well as training exposure in order to get placed in highly reputed Industries. The department has well equipped Laboratories.

Symbiosis between placement cell and the Department helps the students to achieve the best of the Jobs for their careers. Proper Industrial interaction is given to the students by organizing National level workshops in the Campus. For events, eminent personalities from industry and educational institutions are invited to the campus for student's interaction and guidance. The students had presented their talents in the form of practical projects and papers, which were seen and assessed by the invited personalities; they also had an interaction directly with the students in which they suggested measures to further improve the quality of the creativity. Exposure as well as training is provided to the students for advanced studies and various guest lecturers and Mock campus interviews are conducted time to time to facilitate the students and create awareness.

Industry visits and practical projects are also encouraged by the department in various sectors; students are taken out to industries for practical understanding of the technology. The students of the department have proven the quality of education provided to them by receiving awards in National as well as International level conferences. They have also received ranks on state level in the Anna University results of engineering examinations. To add on the feathers in the cap, students are also placed in reputed companies such as Tata Consultancy services (TCS), Capgemini, Wipro, Altran, HCL, CTS, L&T Infotech, IBM, Tessolve, Infosys, SONY, Mind Tree, etc.

VISION

To produce academically excellent and socially responsible engineers in Electronics and Communication Engineering.

MISSION

- To provide good fundamental knowledge in sub-domains of Electronics and communication Engineering.
- To offer an efficient teaching learning process with a focus on problem solving skills, analytical skills and technical skills.
- To inculcate competency, innovative spirit, communication and managerial skills to create socially responsible Engineers.
- To encourage the students to pursue higher studies and research activities.

PROFESSIONAL MEMBERSHIP

PROGRAM EDUCATIONAL OBJECTIVES (PEO'S)

PEO1: The Graduate of the program will be able to provide solutions to the real world Complex problem in the society.

PEO2: The Graduates of the program will be able to adapt to the emerging technologies with Active participation in professional activities to build career skills for prosperous career in organization or higher studies and research.

PEO3: The Graduates of the program will be able to exhibit and demonstrate leadership skills with ethical values in their profession.

PROGRAM SPECIFIC OUTCOMES (PSO'S)

PSO1: Apply Knowledge related to core and specialized fields like Electronic circuits, Embedded and Communication Systems to Solve complex Engineering/Societal Problems.

PSO2: Able to Expose Students Programming skills using latest tools to arrive cost effective and appropriate solutions.

PSO3: Apply the contextual Knowledge with professional Ethics to manage different projects in multi disciplinary environment.

CHAIRMAN'S MESSAGE

SHRI V.S.BALSAMY
FOUNDER - CHAIRMAN

Our institution stands as a beacon of knowledge and discipline, striving towards the pinnacle of educational excellence by offering world-class education of the highest quality and diversity. In a short span of time, we have become a benchmark among colleges in india, committed to meeting and exceeding the standards set by the university norms. The college management, faculty members, and staff work tirelessly with the vision of placing V.S.B. Engineering college at the forefront of the academic landscape. By providing state-of-the-art facilities and fostering an environment of continuous learning, we empower our students to achieve both academic and moral excellence. I warmly welcome all students who are determined to excel academically and uphold strong ethical values to join the V.S.B. Educational family. Together, we aim to mold graduates into world-class professionals. I also extend an open invitation to entrepreneurs and recruiters to conduct campus recruitment drives at our institution. I assure you that our students, equipped with exceptional skills and knowledge, will prove to be valuable assets to your organizations, fostering mutual growth and development.

HOD'S MESSAGE

DR.R.POORNACHANDRAN

HOD (ECE)

This past year has been unique, to say the least. Our students adapted remarkably, embracing both remote learning and hybrid models to continue their education journeys. While maintaining strong bonds between themselves, presented challenges, we persevered. I am incredibly grateful for the unwavering support of our students, faculty, parents, and alumni. This challenging time also presented unexpected opportunities. We fostered stronger virtual connections with our alumni and parents, further solidifying our department's community. This department magazine is a testament to the creativity and knowledge that thrives within our walls. As you delve into these pages, you'll discover the exceptional work of our faculty and students.

MR.P.ANANDHAKUMAR

HOD (ECE)

It is my pleasure to lead the Department of Electronics and Communication Engineering at VSB Engineering College. We offer a B.E. (Honours) degree program in Electronics Communication, equipping students with the knowledge and skills they need for success in the ECE industry. Our department boasts a team of highly qualified, experienced, and dedicated faculty members. We foster a learning environment that emphasizes hands-on experience with current technologies and programming languages, ensuring our motivated students are well-prepared for their careers. The department consistently produces outstanding graduates who regularly achieve top positions in the university. Many of our graduates go on to work in core fields of Electronics and Communication Engineering.

INFRASTRUCTURE & LABORATORIES

RESEARCH HIGHLIGHTS

76 PAPERS
IN 25-26

PATENTS
IN 25-26 **21**

03 BOOKS
IN 25-26

FDP'S
IN 25-26 **07**

The ECE Department takes great pride in the remarkable research accomplishments of our esteemed faculty members this academic year. Your scholarly contributions have significantly advanced our department's intellectual footprint across multiple domains.

These achievements exemplify our faculty's dedication to pushing the boundaries of knowledge and fostering academic excellence.

PAPERS PUBLICATIONS

This includes 51 journal publications (44 from the odd semester/general registry and 7 from the even semester).

There are 25 conference papers published in IEEE Xplore (22 from the odd semester and 3 from the even semester).

BOOK PUBLICATIONS

Faculty members authored books on Computer Networks – Concepts and Fundamentals, Control Systems, and Machine Learning and AI Applications in Edge Computing.

FACULTY DEVELOPMENT PROGRAMS

The records for the even semester highlight faculty participation in 6 specialized FDPs, focusing on cutting-edge topics such as Generative AI, ChatGPT, Frontier Technologies in Antenna Engineering, and Workplace Counselling Strategies

- Artificial Intelligence (AI): A dominant theme, including programs on "AI in Research Methodology," "AI-Driven Innovations in Power Electronics," and AI perspectives in antenna design.
- Advanced Engineering: Topics included "Advanced Antenna Design for Next Generation Wireless Communication Systems (5G/6G)" and "Convergence of VLSI, AI and IoT".
- Pedagogy and Teaching: Programs such as "Digital Pedagogy: Teaching in the Age of Technology" and "Innovative Researching, Teaching and Learning Pedagogy" were attended to enhance instructional skills.
- Specialized Technology: Faculty attended programs on "Synergizing Robotics, Automation and Food Technology" and "Organic Semiconductors in Quantum Sensing and AI"

CERTIFICATIONS

Beyond these counts, the department also showed significant engagement in professional development with 13 faculty members completing NPTEL courses and 29 faculty members completing various online certification courses during the odd semester

FACULTY CERTIFICATIONS

ELITE + SILVER

Dr. G. Jagajothi (Optical Wireless Communications), Dr. Veeraiyah Thangasamy (VLSI Design Flow), Mrs. B. Arthi, Dr. P. Gomathi, and Mrs. M. Poongothai (all for Introduction to IoT).

Mrs. B. Dhivya (VLSI Interconnects), Mr. G. Mohanavel (Wireless and Cellular Communications), Dr. V. Jamuna (Digital Image Processing), Mrs. T. Malarvizhi (Microelectronics), Mrs. K. Gayathri (Power Electronics), Mrs. M. Parvathi (IoT), and Dr. P. S. Gomathi (OBE and Accreditation).

OTHERS

Mr. S. Rajesh Kumar and Mr. P. Matheshwaran successfully completed the "Scientific Writing in Health Research" course via ICMR and SWAYAM with high scores of 85% and 93% respectively.

Mr. S. Vinothkumar (Electronic Modules for Industrial Applications).

Dr. Veeraiyah T, Dr. B. Senthilkumar, Dr. P. Gomathi, Dr. J. P. Srividhya, Dr. S. Vigneshwaran, Mr. V. Elumalai, Mrs. V. Jamuna, Mrs. R. Lakshmi, Mr. K. Maheshkumar, Mrs. T. Malarvizhi, and others.

Key Courses: IoT & Electronics, Basics of Electronics & Programming, Raspberry Pi, VLSI for Beginners, and Embedded C.

STUDENTS CERTIFICATIONS

NPTEL

Prasath KS: Programming in JAVA (90%) and Introduction to IoT (81%).

Monika R K: Programming in JAVA (90%).

Naveenkumar N: Programming in JAVA (88%) and Introduction to IoT (78%).

Vimal Raj R: Programming in JAVA (88%).

Balaji T P: Programming in JAVA (86%).

Loga Balaji G: Programming in JAVA (83%).

DOMAIN-SPECIFIC COURSES

Dharshini P (Hardware modeling using verilog), **Muthupandi** (Introduction to Semiconductor Devices), and **Janani S** (Python for Data Science)

Swetha S (AI Agent Development on Azure), **Rubahan P** (NLP), and **Dhanya L** (JAVA and PHP), **Hariprasath M** (NLP), **Rakshithaa** (Generative AI), **Sowmiya Velusamy** (AI Concepts), and **Suhita D** (Agentic AI).

Sharmi E L, Shreya A K, and Sowmiyadharasi S, completed the "Introduction to IoT and Digital Transformation" via Cisco

TECHINICAL EVENTS

The Electronics Club of V.S.B. Engineering College successfully conducted a Paper Presentation Contest on January 30, 2026, at the Seminar Hall. The event focused on emerging topics such as Internet of Things (IoT) and its real-world applications, providing a platform for students to present innovative ideas, enhance their research and communication skills, and engage in knowledge-sharing in a competitive academic environment.

Ohm My Guess, a three-stage technical competition organized by the Electronics Club of V.S.B. Engineering College, was successfully conducted on January 31, 2026, at MB-I (ECE). The event engaged students in challenging rounds focused on circuit analysis and problem-solving, encouraging participants to apply their core electronics knowledge, enhance critical thinking, and showcase their technical skills in a competitive and collaborative environment.

InnovateX 2026, a 2-hour AI hackathon by the Electronics Club of V.S.B. Engineering College, was held on March 28, 2026, at the DSP Lab, MB-I Block. With the theme "Pitch Fast, Build Faster," students worked in teams to quickly turn ideas into AI-based prototypes, promoting creativity, teamwork, and problem-solving.

No Syllabus, Only Signals, an engaging technical event organized by the Electronics Club of V.S.B. Engineering College, was successfully conducted on February 7, 2026, at the DSP Lab. The session brought together enthusiastic students to explore real-world signal-based concepts beyond classroom learning, fostering practical understanding, innovation, and hands-on technical skills in a collaborative environment.

A webinar on “Futuristic Scope on Gen AI” was successfully organized at V.S.B. Engineering College on March 28, 2026, at the Seminar Hall. The session was delivered by alumni Gokul G, a Gen AI Engineer at Capgemini, who shared valuable insights into the evolving landscape of Generative AI, its industry applications, and future career opportunities, inspiring students to explore advancements in this rapidly growing field.

STUDENT ACHIEVEMENTS

Mr. Nishath A (III Year) achieved a remarkable milestone by advancing to the Semi-Finals of the Capgemini Brand Quest Competition, securing a position among the Top 30 participants. This accomplishment highlights his creativity, strategic thinking, and strong competitive spirit at a prestigious national-level event.

Mr. Sanjay S, Mr. Nilavarasan N, Mr. Naveen N, and Mr. Nithish Kumar S (II Year) reached the Finals of the HCLTech India AI Impact Summit at Bharat Mandapam, New Delhi, securing a place among the Top 2% in one of India's largest hackathons.

Mr. Vignesh Velan M (I Year) received recognition from TN Startup for his own startup venture and was awarded a ₹1 lakh grant in support of his innovative idea, highlighting his strong entrepreneurial initiative, creativity, and potential to contribute meaningfully to the startup ecosystem.

Mr. Sanjai S (III Year), Mr. Sanjay B (II Year), and Mr. Santhosh Kumar B (II Year) advanced to the Semi-Finals of the Robo Race Competition at Shastra 2026, IIT Madras, securing a position among the Top 10 teams, competing against participants from various colleges across different states of India.

Mr. Mahin Ashishek V H (I Year) showcased his technical skills by securing 2nd Place in Electro Quest at Velalar College of Engineering and Technology on 11th February 2026.

Mr. Piraveen (I Year) delivered an outstanding performance, winning 1st Place in Think and Link and also securing 2nd Place in Electro Quest at the same institution on 11th February 2026.

Mr. Rathish R (I Year) and **Mr. Mathannsureya (I Year)** both achieved 1st Place in EOAI at Velalar College of Engineering and Technology on 11th February 2026, highlighting their excellence in the competition.

Mr. Sanjai S (III Year) and **Mr. Sanjay B (II Year)** proved his versatility by winning 1st Place in Line Follower and 2nd Place in Maze Solver at Kongu Engineering College on 13th February 2026.

Mr. Yogash S (III Year) earned 3rd Place in Logic Rush at Sri Ramakrishna Institute of Technology on 14th March 2026.

Mr. Kaviyarasu N (III Year) secured 1st Place in Circuit Cut at PSG College of Technology on 15th March 2026, marking a significant achievement.

TRAINING THROUGH CENTRE OF EXCELLENCE

Language

A programming language writes instructions for computers, like Python, Java, and C++.

AWS Cloud

Cloud computing platform that offers a range of services, including storage, compute, networking.

Data Structures

Data structures organize data for efficient access including arrays, linked lists, stacks, and trees.

Full Stack

Oracle offers a comprehensive and fully integrated stack of cloud platform services

Networking

Capgemini is a global tech consulting firm offering IT services across industries.

Segue Training

HEXAWARE

Hexaware is a global IT services company specializing in digital transformation.

Google Cloud

High-performance infrastructure for cloud computing, data analytics & machine learning.

Testing

Tessolve specializes in semiconductor testing and engineering services.

IOT Networks

IoT is a network of connected devices that exchange data.

Security

Architectural Strategy for Robust and Scalable Systems

.Net Training

virtusa

A global IT services leader in digital transformation and innovation.

Low Code

PEGA

Pega is a software company offering no-code BPM and CRM solutions.
